Maths-friendly gifts for boys age 4 – 13

Boys age 12-13

Humble Pi

A Comedy of Maths Errors

Matt Parker

Impossible footballs, skyscrapers that shake, the next Y2K-style bug – find out what happens when maths goes wrong!

Boys age 11-12

50 Maths Ideas You Really Need to Know

Tony Crilly

Why are there 60 seconds in a minute? Who invented zero? Can a butterfly's wings really cause a storm on the other side of the world? Tony Crilly explains how maths helps us understand and shape the world.

Boys age 10-11

Set – The Family Game of Visual Perception

A game with few rules but major brain strain! Cards have symbols with different attributes: shape, colour, infill, quantity. From a layout of nine cards, players must recognise sets of three. The player with most sets wins. Great for honing boys' non-verbal reasoning skills!

Boys age 9-10

George and the Unbreakable Code

Lucy & Stephen Hawking

The fourth book in the series from Lucy and Professor Stephen Hawking. In this instalment, the world's biggest and best computers have all been hacked. George and Annie travel far into space to find out what, or who, is behind the chaos.

Boys age 8-9

Rush Hour – Traffic Jam Logic Game

In Rush Hour, a sliding block logic game, players battle traffic gridlock as they slide the blocking vehicles out of the way. With forty challenges to overcome, players progress at their own speed, developing reasoning and planning skills as they go.

Boys age 7-8

See Inside Maths

Alex Frith & Minna Lacey

A brilliant book for those who prefer their maths simplified – from addition, subtraction, multiplication and division to square roots and algebra.

Each page contains puzzles and games for boys to test and reinforce their newfound skills.

Boys age 6-7

Rummikub – The Original Rummy Tile Game

Rummikub is a tile-based game which combines the card game rummy and mah-jong. Players try to get rid of their tiles, which often starts uneventfully, but quickly becomes complex, challenging, and exciting.

Boys age 5-6

Orchard Toys Magic Maths

A spellbinding maths game for boys age 5-6, who take turns to solve sums and fill their boards with revolting spell ingredients, from brains to worm-infested cupcakes.

Designed with teachers, specifically for junior mathematicians.

Boys age 4-5

Pop-up Numbers

by Courtney McCarthy

Maths pop-ups, pull-outs and puzzles for boys age four and five.

A great book for novice mathematicians
